

Rewrite Your Line

The Story You Tell

Take your past-tense, title-based answer and rewrite it in the present tense as a thing you actually do — however modest or new.

My line right now (past tense) “I used to...” / “I was...”

The verb I’m actually living now explaining, helping, making, organising...

My rewritten line (present tense) something you do now, even if small or unpaid

Try it on

☐ I’ve said it out loud three times — it’s meant to feel odd at first.
