What Is a Title, Really?

A job quietly gives you five things besides money. Score each one out of ten — once for your working life **then**, once for **now**. The biggest gap is the wall to rebuild first.

The five functions

FUNCTION	THEN /10	NOW /10	GAP
Time structure	_____	_____	_____
Social contact	_____	_____	_____
Collective purpose	_____	_____	_____
Status & identity	_____	_____	_____
Activity	_____	_____	_____
